Hi, I'm an Adugodi resident! Adugodi festival comes once a year usually January or February months, and it's famous in around here, people comes to join this festival from nearby places, and this festival getting fading every year! People throwing garbage everywhere and Hindi and other people spitting ugly panparak, making road red! And the guy who elected from here ramalinga Reddy I never saw him he showed otherthen election days, please- we want good jeo Biden kinda prime minister please God make that happen!

Here's what can be done

1. Put garbage bins everywhere,(not a joke)
2. Ban panparak
3. Dude with freak head ramalinga Reddy! Take a view on your areas often times man!
4. Remove ugly banners everywhere
5. Prepare this festival from 1 month behind and make it cooler with news stuffs
6. Bring news things (it's fine if isn't look good,) I heard somewhere "if you're not failing then you're trying different things"

Thank you everyone! For making this happen,
